1. [REDACTED] stopped in for a few minutes to report to me on the trip that he and some sixteen others had just made to the [REDACTED]. He feels that the trip was highly successful. [REDACTED] put on a very good show and the operators were much impressed with the capability of this installation.

2. [REDACTED], who is here on TDY from [REDACTED], was in with General [REDACTED] to visit with me for a few minutes. I gathered from his conversation that the Support people at the [REDACTED] Station feel that they have had a pretty rough working over at the hands of [REDACTED] in his efforts to reduce the Station. I have also gathered from other sources that the Station generally does not feel that this matter has been approached in the right way. Jack went out of his way to commend [REDACTED] again for the splendid job which he has done at the Station. He called two specific items to my attention: First, some time ago Jack wrote to us about a Colonel [REDACTED] who was interested in employment with us after he retired from the Air Force next year and who was highly recommended by the [REDACTED] Station; (Gates is looking into this.) second, [REDACTED]

3. [REDACTED] was in to say good-bye prior to his departure on leave without pay to pursue his law studies at Yale University. He intends to concentrate on "Land Usage" which may not have very much practical application to the Agency unless it should be in a proprietary project of some kind. At the moment he seems to have every intention of returning to the Agency at the end of ten months, but, of course, time and other opportunities will have to decide whether this actually happens.

4. George Carey telephoned to say that Bob Amory had directed that the [REDACTED] be issued six days a week for the time being--at least during the Berlin Crisis. This necessitates not only extra effort by [REDACTED] but also by our Printing Services Division. He also wanted to make arrangements to have the air-conditioning turned on in certain blocks of the [REDACTED] space during the weekend. I have asked Jim Garrison to do his best to take care of this situation.
